Only the Low-Income DAC-SASH incentive categories remain available.
 Application for all other categories are no longer being processed.

Once an incentive category is closed, that constitutes the final conclusion of the GoSolarSF program for that category.

Applications submitted after categories are closed will not be processed. Residential and Business basic categories closed on Dec. 7, 2020, and Non-SASH Low-income closed Dec. 11, 2020, and Non-Profit closed on May 4, 2021.

Low-Income DAC-SASH applications are processed on a first come first served basis subject to available funding. Should remaining funding be insufficient to cover an amount requested, the balance remaining will be offered to the applicant.
