Ang enerhiyang nagpapatakbo sa San Francisco

Kumusta po! Patuloy na naghatid ang Hetch Hetchy Power ng mabuti sa kapaligiran at abot-kaya ang presyo na koryente, at maaari din kayong magtiwala na maaasahan ito. Noong 2024, kami ay:

- ✓ Nakakuha ng pagkilala bilang **Maaasahang tagapagkaloob ng Pampublikong Koryente (Reliable Public Power provider)**
- ✓ Nakapagsuporta na ng **1,000 lugar para sa pag-cha-charge ng EV** sa kabuuan ng lungsod
- ✓ Nakapaglunsad ng aming kauna-unahang **proyekto para sa katatagan (resiliency project)** sa Pampublikong Aklatan ng San Francisco (San Francisco Public Library)

2024 na Etiketa ukol sa Nilalamang Koryente

Para itong etiketa ng nutrisyon na tungkol sa inyong serbisyo ng koryente. Ipinapakita ng etiketang ito na nanggaling ang lahat ng koryente na natanggap ninyo noong 2024 mula sa hydropower o koryente mula sa tubig na nakuha ng Hetch Hetchy Power and Water System.

Ipinakikita rin ng etiketa na mas mabuti sa kapaligiran ang Pangkalahatan at Premium (mas mahal pero mas maraming pakinabang) na mga serbisyo ng Hetch Hetchy Power kung ihahambing sa karaniwang pagkakahalo ng koryente para sa California.

Itinatakda ng Komisyon para sa Enerhiya ng California (California Energy Commission) ang pagpapadala ng impormasyong ito sa pamamagitan ng koreo sa sinumang kostumer na nakatanggap ng serbisyo mula sa Hetch Hetchy Power noong 2024. Salamat po sa pagiging kostumer namin!
