

FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received a subgrant application for City and County of San Francisco, County, CA. Pursuant to Executive Order (EO) 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for this project under the Public Assistance Grant Program (PA).

An initial disaster-wide Public Notice for DR-4683-CA was published 9/11/2023. Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions.

Under the National Environmental Policy Act (NEPA), federal actions must be reviewed and evaluated for feasible alternatives and for social, economic, historic, environmental, legal, and safety considerations. EO 11988 and EO 11990 requires FEMA to consider alternatives and provide a public notice of any proposed actions in or affecting floodplains or wetlands. This notice may also fulfill requirements under Section 106 of the National Historic Preservation Act (NHPA).

This notice serves as a project-specific final notice for FEMA's funding action located within a Special Flood Hazard Area. FEMA has determined the only practicable alternative is to fund repairs for trails and culverts. This action complies with the National Flood Insurance Program (NFIP) requirements. There is a potential for the facility to be impacted by future flooding events due to its location within the D Flood Zone. The proposed work will not take place in wetlands per the United States Fish and Wildlife Service National Wetlands Inventory and will have little potential to impact or affect wetland values.

Applicant: City and County of San Francisco

Project Title: (PW) 4286; (GM) 726736; San Fran Peninsula Watershed Roads South 1 - PUC

Location of Proposed Work and Floodplain Insurance Rate Map (FIRM) Panels:

Facility	GPS	FIRM Panels	FIRM Date
Area 2 (Site 2 end point)	37.49900, -122.35510	06081C0280E	10/16/2012
Area 2 (Site 3)	(37.48143, -122.32677) to (37.48049, -122.32736)	06081C0280E	10/16/2012
Area 2 (Site 4)	37.47957, -122.32664	06081C0280E	10/16/2012

Area 2 (Site 5)	37.47886, -122.32489	06081C0280E	10/16/2012
Area 2 (Site 6)	(37.47600, -122.32046) – (37.47475, -122.31874)	06081C0280E	10/16/2012

Proposed Work and Purpose: Surface water flooding caused damages to Old Canada Road resulting in the need to replace one 18' x 55" CMP culvert at site 3. Work to be completed (WTBC) sites, will replace subbase and aggregate base across all sites. Mitigation consists of upsizing a 40 ft long CMP from 55" to 60" in diameter at (37.487878, -122.342968) and the road will be replaced in-kind

Project Alternatives:

- (1) *(No Action)* This alternative would result in a continued disruption of services and risk of additional damages If the damage is not repaired, then adverse economic and social impacts may occur and continued negative impacts may be experienced.
- (2) *(Repair in-kind)* Repairs made in kind may result in similar damages from future flood events.
- (3) *(Relocation)* Floodplain avoidance by relocating the facility is not a practicable alternative as the damaged area would not be addressed and would result in unnecessary group disturbance in a new location.

Comments: This will serve as the final public notice regarding the above-described action funded by the FEMA Public Assistance program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 9, 1111 Broadway #1200, Oakland, CA 94607, or by emailing FEMA-RIX-EHP-Documents@fema.dhs.gov . Comments should be sent in writing with the subject line "(PW) 4286; (GM) 726736; San Fran Peninsula Watershed Roads South 1 - PUC" at the above address within 15 days of the date of this notice.

THIS NOTICE MAY BE REMOVED FROM PUBLIC VIEW ON THE 15th DAY FROM ORIGINAL DATE OF POSTING.
