

## Onsite Water Reuse System Vendors

This list is intended to provide the public with resources for onsite non-potable water systems. The vendors included below offer a variety of services, including design, manufacture, installation, and ongoing operations and maintenance. By providing this sample list of current technologies and companies, the San Francisco Public Utilities Commission does not endorse, warrant, or make representations or endorsements as to the accuracy, quality or completeness of the listed information, or the competency or effectiveness of listed technologies and companies. The City and County of San Francisco will not be responsible for any loss, damage, cost or expense the user might incur as a result of the use of, or reliance upon, the information and companies listed.

This list is being provided solely for the convenience of the public and any interested parties. By providing this sample list of current technologies and companies, the San Francisco Public Utilities Commission does not endorse, warrant, or make representations or endorsements as to the accuracy, quality or completeness of the listed information, or the competency or effectiveness of listed technologies and companies. The City and County of San Francisco will not be responsible for any loss, damage, cost or expense the user might incur as a result of the use of, or reliance upon, the information and companies listed.

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Aquacell by PHOENIX	Blackwater, graywater, stormwater, rainwater	<a href="http://www.aquacell.us">www.aquacell.us</a>	Aquacell builds & operates water recycling plants. The company has systems that can be retrofitted to existing structures or integrated into a new development.	X	X	X	
AquaHarvest Technologies	Graywater, rainwater, stormwater, & other alternate water sources	<a href="http://www.aquaharvesttech.com">www.aquaharvesttech.com</a>	AquaHarvest Technologies designs & delivers single source integrated water reuse systems to capture & treat water for a variety of beneficial reuse applications.	X	X

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
AquaPoint	Graywater, blackwater, & other alternate water sources	<a href="http://www.aquapoint.com">www.aquapoint.com</a>	AquaPoint has a portfolio of fixed-film treatment technologies to address a wide variety of alternate water sources & treatment standards.	X	X		
Biohabitats	Graywater, blackwater, rainwater, stormwater, & other alternate water sources	<a href="http://www.biohabitats.com">www.biohabitats.com</a>	Biohabitats offers integrated water management strategies that embrace regenerative design.	X	X	X	
BRAE	Rainwater, stormwater, & other alternate water sources	<a href="http://www.braewater.com">www.braewater.com</a>	BRAE offers rainwater systems & related equipment to support individual project plans for homeowners, contractors, or designers.	X	X		
Capture H2O	Rainwater, stormwater, groundwater, RO concentrate, DI discharge, & other alternate water sources	<a href="http://www.captureh2o.com">www.captureh2o.com</a>	Capture H2O provides innovative and sustainable water treatment solutions for cooling and heating systems. By leveraging cutting-edge technology and expertise, we aim to safeguard water resources, mitigate water scarcity, and contribute to a sustainable future for mankind.	X	X	X

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Chemsearch FE	Rainwater, stormwater, graywater, foundation drainage, & other alternate water sources	<a href="http://www.chemsearchfe.com">www.chemsearchfe.com</a>	ChemsearchFE acts as Treatment System Managers for reclaimed water systems. This includes maintenance such as changing filters/UV lamps, along with chemically treating the water if required, testing the water, and submitting mandatory monthly and annual reports to SFDPH.			X	
Conservation Technology	Rainwater, stormwater, graywater, foundation drainage, & other alternate water sources	<a href="http://www.conservationtechnology.com/">www.conservationtechnology.com/</a>	Conservation Technology offers fully integrated, custom solutions for any type of non-potable water reuse. We design and manufacture pre-filtration, storage, pumping, treatment, and control systems.	X	X		
DIG COOP	Graywater, rainwater & stormwater	<a href="http://www.dig.coop">www.dig.coop</a>	DIG COOP is a General Contractor that designs and drafts plans for residential, commercial and public projects and provides maintenance for greywater, rainwater, and stormwater systems, including erosion control and flood strategies.			X

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Envirosurvey Inc.	Graywater, rainwater & other alternate water sources	<a href="http://www.envirosurvey.net">www.envirosurvey.net</a>	Envirosurvey, Inc. is an environmental consulting firm and technical services provider serving both public and private institutions.			X	
Epic CleanTec	Graywater, blackwater, rainwater, stormwater & other alternate water sources	<a href="http://www.Epiccleantec.com">www.Epiccleantec.com</a>	Epic CleanTec provides turnkey, decentralized onsite wastewater treatment and reuse solutions, offering a one-stop-shop for design, engineering, permitting, construction, contracting, and operations.	X	X	X	
Exergy	Industrial wastewater	<a href="http://www.exergycorp.com">www.exergycorp.com</a>	Exergy provides water and material recycling technologies that recycle process water back into the production process while minimizing the need for water treatment and disposal costs.	X	X		
SUEZ Water Technologies & Solutions	Domestic and industrial wastewater and rainwater	<a href="http://www.suez.com/en/water">www.suez.com/en/water</a>	SUEZ designs and builds wastewater treatment plants to support domestic and industrial wastewater, including the Aquadvanced urban drainage and Aquadvanced plant.	X	X	X	

## Onsite Water Reuse System Vendors

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Greyter	Graywater & rainwater	<a href="http://greyter.com/">http://greyter.com/</a>	Greyter's greywater & rainwater harvesting systems are custom designed to meet the needs of buildings with a wide range of water uses.	X	X		
HTEC & Ecovie	NSF 350 graywater, rainwater, stormwater, & other alternate water sources	<a href="http://www.htecompany.com">www.htecompany.com</a> <a href="http://www.ecoviewater.com">www.ecoviewater.com</a>	UL508A custom control panels with extended remote monitoring and open protocol BMS integration. Flexible water reclamation systems with low power consumption available for 500-20,000+ GPD	X	X		
Innovatreat	Graywater, blackwater, rainwater, & other alternate water sources	<a href="http://www.innovatreat.com">www.innovatreat.com</a>	Innovatreat's miniMBR® aquaMINE™ systems are advanced biological treatment systems incorporating ultra-filtration that can be employed in new or retrofit projects for flows up to 350,000 GPD.	X	X	X	
Integrated Water Strategies	Graywater, blackwater, rainwater, stormwater, & other alternate water sources	<a href="https://integratedwaterservices.com/">https://integratedwaterservices.com/</a>	Integrated Water Strategies (IWS) develops systems that recycle wastewater & stormwater for residences, businesses, industry & institutions using low-impact technology.	X	X

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Natural Systems Utilities	Graywater, blackwater, rainwater, & other alternate water sources	<a href="http://www.naturalsystemsutilities.com/">http://www.naturalsystemsutilities.com/</a>	Natural Systems Utilities plans, designs, builds, owns, & operates on-site, ecologically based water systems. We create & run fully integrated water supply, wastewater treatment, & reuse systems for a variety of scales.	X	X	X	
Organica	Graywater, blackwater, & other alternate water sources	<a href="http://www.organicawater.com">www.organicawater.com</a>	Organica systems treat and recycle wastewater using Integrated Fixed Film Activated Sludge (IFAS). Organica offers a variety of products and services to help customers build and operate space and energy efficient biological wastewater treatment plants.	X	X	X	
PERC Water	Graywater, blackwater, rainwater, stormwater, & other alternate water sources	<a href="http://www.percwater.com">www.percwater.com</a>	PERC Water Corporation develops, designs, builds, operates, and manages water and wastewater infrastructure throughout the U.S. Our unique project approach results in certainty of cost, risk management, schedule and water quality for our clients.	X	X	X

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
RainHarvest Systems	Rainwater & stormwater	<a href="http://www.rainharvest.com/">www.rainharvest.com/</a>	RainHarvest Systems is an e-commerce engine that sources products from the leading manufacturers & purchases them in volume quantities so we can pass the discount on to our customers & dealers.				
Rainwater Management Solutions	Rainwater, stormwater & graywater	<a href="http://www.rainwatermanagement.com">www.rainwatermanagement.com</a>	Rainwater Management Solutions offers design and consulting services to develop turnkey solutions for rainwater, stormwater, and graywater systems.	X	X		
Sustainable Water	Graywater, blackwater, rainwater, stormwater, & other alternate water sources	<a href="http://sustainablewater.com/">http://sustainablewater.com/</a>	Sustainable Water offers turnkey project development services for water reclamation and reuse projects. Sustainable Water also provides comprehensive operation services and expertise for our reclaimed water facilities.	X	X	X	
Triple-T	Graywater, blackwater & other alternate water sources	<a href="http://www.smartwatergroup.com/triple-t">www.smartwatergroup.com/triple-t</a>	Simple, reliable and affordable reuse. Triple-T's TAYA solutions deliver top-tier performance, integrated seamlessly and sustainably into the community, from 10,000 GPD to over 1 MGD.	X	X		

## Onsite Water Reuse System Vendors

Company Name	Alternate Water Source Systems	Website	General Information	Design	Build	O&M	Cross-connection Testing
Wahaso	Graywater, rainwater & stormwater	<a href="http://wahaso.com/">http://wahaso.com/</a>	Wahaso provides complete design/build systems and specializes in commercial rainwater harvesting systems.	X	X		
Water Control Corporation	Graywater, blackwater, rainwater, stormwater, & other alternate water sources	<a href="http://watercontrolinc.com/">http://watercontrolinc.com/</a>	Water Control builds packaged, turnkey solutions for commercial and institutional water treatment. They assist with conception, commissioning, service, and upkeep.	X	X	X	
WaterSprout	Graywater, rainwater & stormwater	<a href="http://www.watersprout.org">www.watersprout.org</a>	WaterSprout designs, installs, manufactures & maintains advanced greywater & rainwater systems. With over 100 systems installed in the Bay Area, we provide expertise in permitting systems and navigating non-potable ordinances in San Francisco, Berkeley and other localities.	X	X	X
